## TELEGRAPHIC CODE

The Code adopted by [illegible] Association of Nurserymen we will send copy upon request.

We give cipher word for each grade.

Telegraphic Orders are transmitted to our office by telephone. Our packing grounds are near Passenger and Freight Depots, which enables us to execute orders promptly.

This price list is sent to the trade [illegible] large dealers) only. We do not mean to sell to planters, small dealers, retail salesmen or [illegible] other lines of trade. We do not wish to sell goods at wholesale to our customers' patrons.

SEASON 1893-4. JUNE 1, 1893.

# WHOLESALE PRICE LIST

OF THE

# ALABAMA

# NURSERY CO.,

(INCORPORATED.)

## HUNTSVILLE,

ALABAMA.

THE ALABAMA NURSERY COMPANY carries on a general Nursery business. The stock assortment is large, strictly first-class and very complete, comprising the leading varieties in every department. Its nurseries are near the city of Huntsville, and the plantings cover between three hundred and four hundred acres. The land is particularly adapted to the growing of Nursery Stock, and all stock sent out may be depended on as thrifty and healthy.

The Directors of the Company are: Ethan A. Chase, Lewis Chase, William Pitkin, of Rochester, N. Y.; Herbert, Charles and Henry Chase, Huntsville, Alabama. We have the experience, ability and judgment to handle all business entrusted to the Company, in a manner that will be found intelligent and satisfactory.

There is but one way to build up and hold a business —and this is by the fair and honest treatment of customers. We are thoroughly equipped for handling stock in the most satisfactory manner, and all orders will receive our careful attention.

We solicit your correspondence.

Respectfully,

ALABAMA NURSERY COMPANY.

## REFERENCES:

For the convenience of parties who do not know us, we refer to any of the banks or business houses of Huntsville; Storrs & Harrison Co., Painesville, Ohio; C. W. Reed & Co., Sacramento, Cal

EVERYTHING offered in this list is grown here on our own grounds. Trees are not dug till ready for packing and shipping, so customers may depend on receiving stock fresh, sound, and in first-class condition.

**Our Nursery is convenient to the Depots and Express Offices, and Orders can be packed and shipped promptly. Telegraphic orders can usually be shipped same day as received. . . . .**

**We are so situated that we can hold stock ordered by Northern nurserymen until they will want it for Spring packing, thus avoiding all risk, trouble and expense of cellaring. . . . .**

As this List is sent to the wholesale trade only, the difference in price between the one hundred and one thousand lots is very small—enough to cover the extra cost of handling the smaller lots. Standard Trees are tied in bundles of ten, 2 to 3 feet and smaller trees; berry bushes, grape vines and roses in bundles of 25. Orders for less than five hundred will be charged at one hundred rate. For more than five hundred, at lowest rate quoted.

## Packing and Packing Cases.

Our packing season usually begins October 1st, and continues through the winter till March 1st. The work of packing is personally superintended by a member of the Company, who has had fifteen years experience. We pack in moss. No pains will be spared to make our packing as good as the best.

The cost of cases seven and one-half to nine feet long, thirty inches, $2.50; twenty-four inches, $2.00; eighteen inches, $1.50. Bales, 25 cents to 75 cents. No charge for drayage.

Bales cost a higher rate of freight, so as far as possible we ship in cases.

## Shipping.

Please state how goods must be sent, whether by freight or express; also route. If no directions are given, we will ship as we think best serves customers' interests, without assuming responsibility. The risk and cost of shipment belongs to purchaser.

## Freights.

Orders from nurserymen in the North or West for less than car lots we can usually combine, and make up car loads to some principal city, where bulk can be broken. In this way customers will save freights and possible delays. We invite your correspondence on this point

## Grades.

We grade carefully; in some cases by caliper, others by height. When by both, the caliper must govern. The lower number is included, and the higher number excluded. For instance, in a grade of four to five feet, four feet trees are included, but five feet go into the next grade. If plump five feet trees are wanted, the order must be for five to six feet. When possible, we prefer to send samples to prospective customers.
